

Brushless Electric Personal Mobility Chair

Introducing the eThrone

Special features:

- Light weight <28.5kg (model dependent)
- Quick and easy folding/unfolding in seconds
- Long travel distance 15 to 20km (model & user dependent)
- Adjustable back rest, 5 positions
- Well designed frame for comfortable riding
- Supports heavy load, max 180kg
- Breakthrough brushless wheelchair drive technologies: High efficiency brushless hub motor, joystick controller, 50% battery saving & 10 times longer working life
- Quality lithium battery: 1000 charging cycles, Safe, light, reliable, Pollution free, 5 year life, supplied with 240VAC charger
- Choice of 3 wheel sizes 200mm, 250mm, 300mm
- Approved to EN12184 (pending)
- Leather upholstery option (2Q16)
- Programmable controller

2016 e-Throne folding power wheelchair

Models:

Model	Wheel diameter mm	Motor power (each)	Battery	Max legal speed	Max possible speed	Slope	Load capacity, kg	Net weight (w/o battery)	Gross weight (c/w battery)	Packing dimensions cm
ET-08F22	200	24 volt 180 watt	LFP24V15Ah	4km/hr	8km/hr	12%	120	28.5	33.5	86x39x67
ET-10F22	250	24 volt 180 watt		4km/hr	8km/hr	12%	120	28.5	33.5	91x39x70
ET-12F22	300	24 volt 250 watt		4km/hr	8km/hr	15%	180	30.5	35.5	91x39x70

Warranty:

Warranty coverage	Warranty period
Frame	3 years
Motor	2 years
Lithium battery, controller base unit, joystick	1 years

User-friendly Control Panel

Control Joystick

Optional programming device
